

WHAT'S SPAY & NEUTER GOOD FOR?

It's good for your pet

Longer, Healthier Life: Reduces the risk of some cancers and infections.

Safety: Lowers the chance of getting lost or injured due to roaming.

It's good for you

Better Behaviour: Eliminates unwanted behaviour such as spraying and humping.

Cost Savings: Prevents the expenses of caring for litters, and reduces vet costs linked to reproductive health issues.

Peace of Mind: Helps identify pets with a tattoo if they get lost.

It's good for the community

Fewer Stray Animals: Helps control overpopulation and reduces the number of animals in shelters and rescues.

Decreased Spread of Disease: A lower stray population means fewer risks of disease transmission.

Safer Streets: Less roaming means fewer accidents involving stray animals and people.
