EMERGING LEADERS WORKSHOP | HOSTED BY Rob Marr

Attending the Emerging Leaders Workshop will provide you with the foundation leadership skills that will not only serve you now but long into your career. The in-person workshop and subsequent support workshops have been tailor made to address the key challenges veterinary leaders face and to equip you with the tools and confidence to use them.

This in person workshop is energizing, positive, encouraging, and practical - you will get to work with like-minded individuals that share your values whilst also being able to talk about the real issues you face every day. The whole experience aims to be uplifting and useful.

LEADERSHIP OUTREACH

We have all attended workshops, grabbed our inspiration but then had to go 'back to reality' and try and implement the things we learned on our own. These two virtual outreach workshops being offered aim to support you after your attendance at the in-person workshop to ensure that sense of community isn't lost along the way. Join the group to talk about your wins and challenges and ask questions about any issue you are facing.

WHO SHOULD ATTEND?

- Veterinarians
- Veterinary Technicians
- Clinic/Hospital Managers
- Support Team

This program is aimed at those who have graduated within the past 10 years.

JUNE 25, 2025

8:00 - 4:00 pm (PST)
